MEMORANDUM FOR MR. R. J. Smith
Deputy Director of Intelligence
Central Intelligence Agency

We are now preparing briefing and background materials in support of the President's request for East-West trade legislation. I understand from a conversation Mr. Katz of my staff had with Mr. Morrell that your Agency has considerable useful material prepared for the Miller Committee, as well as certain studies currently under preparation. I would be grateful if these reports and background material can be made available to us.
